## PROFESSIONAL SUMMARY

Motivated, highly-adaptable professional with a strong interest in the use and application of Technology, which is central to both my education and career aspirations. I am quality-driven and goal-focused with strong research, planning, and problem-solving abilities. I use my knowledge of technology and organizational processes to improve company operations.

## EDUCATION AND HONORS

### THE OHIO STATE UNIVERSITY
August 2019 - May 2023
- Communication Technology Major; **Cum Laude**

**Dean's List**: AU2019, SP2020, SP21, AU22, SP23

### CRISTO REY ENGINEERING SCHOLARSHIP
Class of 2019 Recipient
- Senior students who performed highly academically in engineering class. These recipients maintain a strong network of scholars and instructors.

### ENVISION: ENGINEERING AND TECHNOLOGY
June 16-23, 2018
- Students with excellence in engineering fields gained hands-on experience and networked with prestigious influencers within STEM fields.

## SKILLS AND PROJECTS

**Folder Link: tinyurl.com/Academic-Coding-Projects**

- Mastered intermediate to advanced skills in Java OOP concepts like APIE and data structures such as Arrays, Stacks, Queues, Maps, Lists, Trees, and LinkedLists.

- I am currently developing a Text-Based Game that employs these skills and methodologies.

- Skilled user of Microsoft/Google services: Word/Docs, PowerPoint/Slides, Outlook/Gmail, and OneDrive/Drive.

## WORK EXPERIENCE

### HUNTINGTON NATIONAL BANK
**Software Engineer**, July 2023 - Present
- Working in the Commercial Digital Team to help contribute to the evaluation and integration of vendor solutions into company environments by altering them to organization standards and regulations.
- Performing defect **triage**, root cause analysis, and maintenance of web applications.
- Designing and developing high-quality software solutions using the **Java** programming language.
- Developing, optimizing, and managing **SQL** queries for database interactions.
- Utilizing **DB2** database management system for data storage and retrieval.
- Collaborating with Development and **DevOps** teams to implement and maintain automated build and deployment pipelines using **Jenkins**.
- Collaborating with cross-functional teams to gather and analyze software requirements.
- Participating in **Agile** ceremonies such as sprint planning, daily stand-ups, and retrospectives.
- Implementing effective error handling and logging mechanisms to ensure the smooth operation of software.

### OHIO STATE UNIVERSITY
**Student Accessibility Assistant**, September 2022 - May 2023
- Provided support to professors and executives regarding staff and student portals
- Ensured essential PDF, Excel, and Word documents were organized appropriately and accessible to a wide range of users including the deaf and blind.

### OHIO DEPARTMENT OF JOBS AND FAMILY SERVICES
**Office Professional 1** - Office of Unemployment, May 2021 - May 2022
- Accessed and entered essential information into company databases to proofread and process unemployment forms.
- Worked collaboratively to review and edit illegible and/or incorrectly-formatted files that improved company workflow.

### KROGER CO.
**Front End: Courtesy Clerk**, August 2018 - May 2022
- Ensured customer safety by practicing refueling regulations and safety precautions.
- Filed daily reports that included product amounts, fuel levels, product sales, and other essential processes.
